uStream Go

Portable true wireless stereo

Real stereo that leaves the house.

Most portable speakers give you mono in a tube. The uStream Go is two separate speakers that find each other automatically the moment they are powered on: no app, no Wi-Fi, no wire between them. A seamless aluminium cabinet, an 8,000mAh battery in each speaker for over 30 hours of play, USB-C charging, and up to 15 feet of separation for a stereo image in the garden, the office or the kitchen.

30W	30+ hrs	115mm	BT 5.0
RMS POWER	BATTERY LIFE	CUBE, EACH SPEAKER	TRUE WIRELESS
